Skills

Hands on experience through personal projects using:

JavaScript, CSS, HTML, React, styled-components, AJAX, JSON, Express, MySQL, Node.js, git, npm

Personal Projects

Chatter-bot - Web Application

React, styled-components, Express, MySQL, Node.js

- REST API endpoints for operations on database to create and read user account data, chat rooms, and user posts
- Client side form validation for efficient HTTP requests
- User account passwords are hashed with bcrypt library for secure handling

Spiral Designs - Interactive Website

JavaScript, CSS, HTML

- Full screen visual display for all devices
- All settings are adjusted via designated range sliders and are updated each frame of animation

My Portfolio - Website

React, JavaScript, CSS, HTML

- AJAX request to 3rd party API (GitHub) to calculate and display programming language usage across all public repositories
- Mobile first responsive design using CSS flex properties

Education

North Central College - Naperville, IL

Bachelor of Arts - Japanese, East Asian Studies

Iwate University - Morioka, Iwate, Japan

Certificate of Completion - International Short-stay Studies Program

Languages

- Native English
- Basic conversational Japanese
